Second Tranche

Following the first tranche, a second tranche is planned to raise an additional \$3.5 billion USD, offering a 4.5% annual return and further share warrant opportunities.

Platform and Risk Management

Touchstone Capital Partners has developed a specialized intellectual property framework to integrate all aspects of project finance and industry execution. This ensures comprehensive risk mitigation and safeguards investment returns. The projects are managed by a seasoned fund management team, supported by globally recognized partners who oversee project implementation from start to finish.

Investor Security and Upside:

Touchstone Capital Partners has structured this IPO to guarantee investors' principal and interest, providing a secure investment option. Additionally, investors will have the option to either retain share warrants or convert their holdings into shares, presenting significant upside potential.

Strategic Use of Funds

The capital raised will be channeled into Touchstone's diverse project portfolio, which spans critical sectors such as supply chain management, oil & gas, new energy, agriculture, mining, and healthcare. This funding will primarily inject liquidity into the main platform, setting the stage for its listing. Following the main platform's listing, Touchstone plans to list additional platforms separately.

Call for Cornerstone Investors

As the IPO progresses, Touchstone Capital Partners is actively seeking cornerstone investors to participate in this landmark offering. This initiative represents a unique opportunity to contribute to and benefit from the growth of high-impact projects worldwide.
